Either as an Open Water Diver or a complete beginner, take the 6 month internship and learn to become the best DM in the dive industry!

We can take you through your entry-level training and to DM, via your Advanced Open Water Diver and Rescue Diver courses... all in the superb location of southern Spain's Mediterranean coast.

Training as a DM with Simply Diving will include real hands-on experience in our very busy PADI 5 Star IDC Dive Resort.

- * Assisting Instructors and Assistant Instructors with courses from Discover Scuba Diving all the way to Divemaster
- * Basic compressor and equipment maintenance
- * Sales and marketing

- * ..and a whole lot more!

The programme focuses on giving the Trainee the necessary experience to become an employable DM who stands out from the crowd... as well as giving you the opportunity to log more than 100 dives!

The internship also doubles as an intensive preparation for IDC training, which can be undertaken with Simply Diving's GO PRO Spain immediately upon completion.

Please note: The experience gained as a Simply Diving DMT is priceless! But the approximate value of the combined courses is 1995 euros. You will only be required to pay for your course materials and PADI certifications.
